

DUNSTAN HOUSE NEWSLETTER 2014

Our summer season at Dunstan House is racing by and very soon we will be hosting guests chasing the beautiful autumn colours of Central Otago.

A noticeable trend this year is visitors choosing a longer stay in Clyde to enjoy the added attractions offered.

The boutique Clyde Cinema shows the latest movie releases and screenings are often full to capacity.

Clutha River Adventures provide guided or unguided river experiences by kayak or waterbike.

If travelling the river by jet boat is preferred, we recommend Clutha River Cruises. A fascinating commentary on the history of the area is included.

Our neighbouring cycle businesses all offer competitive daily bike hire to visit nearby wineries, restaurants, art galleries or just enjoying the quiet back roads through orchards and rural farmland. The 150th Anniversary Track, or 'River Track' as we call it, is very popular and makes for a good circuit to Alexandra returning on the Rail Trail. For the more advanced mountain bike riders there are a multitude of trails to challenge skills.

We are delighted to now also be hosting guests choosing the new Roxburgh Gorge and Clutha Gold cycle tracks. Cyclists are all commenting on the dramatic scenery.

Our Clyde on Sunday group have their "Canines at Clyde" Market on March 9th. The popular dog parade will be followed this year with a dog handling demonstration by the Gun Dog Club.

Planning for the annual Clyde Wine and Food Harvest Festival on April 20th is well underway and always adds to a very busy Easter Weekend.

Happy travels.

John, Maree and Judy.
